

Delfin

Colour included
in the price

Delfin 540 x 1220
colour: RAL 5023

Integrated thermostatic valve, angled, left, chrome
SLIM thermostatic head, chrome
Integrated pipe-masking set, chrome
MOA heating element

Colour included in the price

design: Terma

Connections:

A ↓ 440÷2000:

A ↓ 440÷640

A ↓ 1800÷2000

Electric radiators:(A ↓ 440÷640):

We recommend:

Integrated lockshield valve set for VL and VP connections

Integrated pipe-masking set

Specifications:

Configuration codes: <?>

Working pressure: 0,8 MPa Maximum operating temperature: 95°C

Product codes can be found in product data sheet tables. The codes provide some basic information about the product while a partially filled configuration code contains complementary information about the detailed specifications. When placing an order, product codes should include the fully completed configuration part. The configuration code part should be placed after the main product code. The main product code and configuration part will appear as shown in the example below:

The construction of a water and dual fuel radiator product and configuration code:

Legend

Available in chrome finish.

Radiator available in a "water" version.

Radiator suitable for dual fuel connection. Electric heating element can be installed.

Radiator available in electric only version. It comes prefilled with a 'heating medium' and equipped with a heating element. All tested and ready to use.

Connection types dedicated for this radiator.
The icon shows the flow and return connections for the radiator as well as the thermostatic valve and heating element position if applicable.

Optional connections available for this radiator.

Suggested heating element power output for electric and dual fuel versions.

Weight.

Capacity.
