# Mike One

The radiator has a built-in ONE heating element.

Colour included in the price

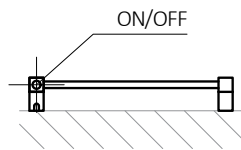

**S8**

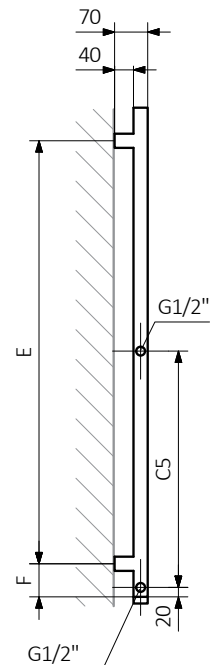

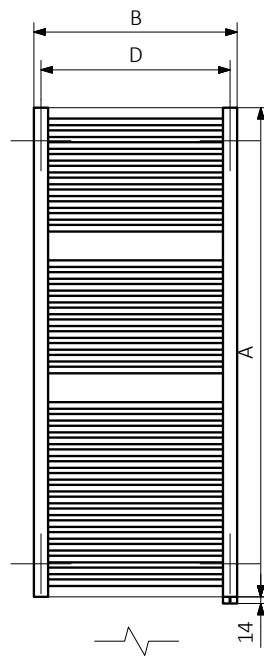

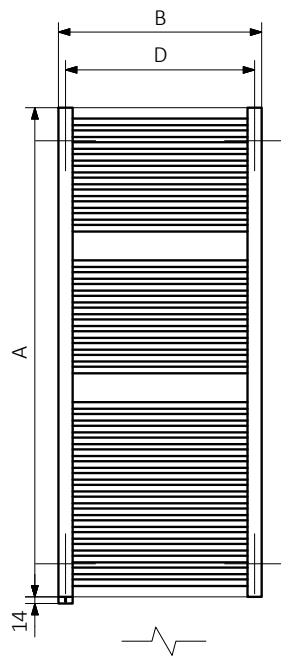

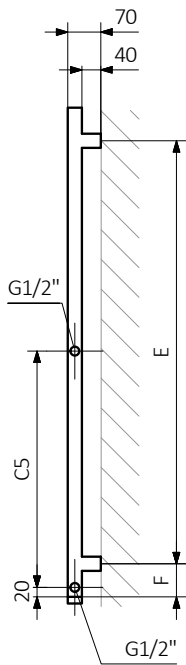

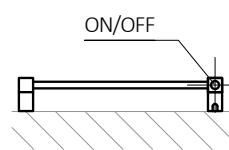

**S1**

**51**

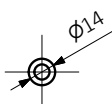

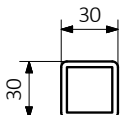

**58**

A — Height B — Width C1-C5 — Distance between pipe centres D — Horizontal distance between mounting bracket centres  
E — Vertical distance between mounting brackets F — Distance between a mounting bracket and the bottom of the radiator

**Collector:**

**Profile:**

Product codes can be found in product data sheet tables. The codes provide some basic information about the product while a partially filled configuration code contains complementary information about the detailed specifications. When placing an order, product codes should include the fully completed configuration part. The configuration code part should be placed after the main product code. The main product code and configuration part will appear as shown in the example below:

## The Construction of the product and configuration code for a radiator with the built-in heating element ONE
